

**APPLICATION for PARTICIPATION IN THE
NSF RESEARCH EXPERIENCE FOR UNDERGRADUATES (REU) PROGRAM**

Name: _____

University of Michigan Student? (circle): Yes/No

If yes, University of Michigan 8 Digit Student ID Number: _____

Year (1st, 2nd, 3rd, 4th): _____

Expected Date of Graduation: _____

Permanent Address: _____

Campus Telephone: _____ Valid Until: _____

Cell Phone: _____ Valid Until: _____

E-Mail Address: _____

Are you a declared Math major? If not, what is your major?

(Michigan Students) - Have you completed Math 389: Explorations in Mathematics?

____ Yes ____ No

Please describe your mathematical interest. Be as general or specific as you like:

Have you spoken with a University of Michigan faculty member about doing a project? Yes/No

If yes, with whom:

External applicants: please have a faculty recommendation e-mailed to:

math-undergrad-office@umich.edu

Describe your computer skills (languages, software, programming):

Discuss briefly your tentative career plans. Are you considering graduate work in mathematics or science?

Describe any mathematics related projects, clubs, competitions or publications you have been involved with. Feel free to describe any aspect of your mathematical background that you think is relevant. Use the back of this sheet if necessary.

Please list any advanced Mathematics courses (beyond Math 217 = Linear Algebra for mathematics concentrators) that you have taken. **External applicants please include an unofficial transcript.**

I understand that if I am chosen to participate in the REU program, and I accept the stipend, I am obligated to complete the project, which includes a high-quality research report, which must be approved by my faculty supervisor. I understand that failure to complete a satisfactory report will require me to re-pay the entire stipend.
