SLC Study Groups

Small group of up to 13 students working together to review material, solve problems, discuss concepts, ask questions, and prepare for exams.

Two hour weekly meetings, extra exam review sessions, and supplemental study materials.

Facilitated by a fellow student who has taken the class successfully and received training in facilitation techniques.

92.3% of 2018-2019 Math 156 study group members would recommend their facilitator to other students.

A 2013 Study of SLC study groups (N=2929) found that students in SLC study groups across 20 courses on average earned a grade .34 points higher than those not enrolled in study groups.
Join an SLC Study Group

Registration for Math 156 study groups begins: 

Wednesday, Sept. 11th at 12 PM

online at:

www.lsa.umich.edu/slc

Groups begin meeting on Sunday, Sept. 15th
